Shown from the top of this row: Art & Margaret Rutledge with their 1976 Pontiac; Ferd Driver with his 1930 Ford Model A on the left and 1952 DeSoto on the right; and on Friday evening after the BBQ dinner at the McCagh residence, the several dozen collector cars stored in these garages were enjoyed by everyone.

<< On the left is part of the show field across the lake from the Rocky Gap State Park lodge; and some of the many nice Corvettes on the show field; and directly below is Mildred Lawson with her 1963 Thunderbird.
